PROFILE SUMMARY

A graduating IT student at PHINMA University of Pangasinan who has a strong and passionate about learning and eager to apply my technical skills in a real-world environment. Throughout my studies, I have gained hands-on experience in programming languages such as [e.g., Java, Python, or C++]. I am also committed to continuously enhancing my skills through professional growth opportunities.

EDUCATION

PHINMA University of Pangasinan (June 2020 - Present)
Bachelor of Science in Information Technology Major in System Development

WORK EXPERIENCE

Limenodes Technical Support Staff

- Provides assistance to the primary users of the system, ensuring they have the help they need to resolve issues, navigate features, and optimize their use of the system.

MAJOR PROJECTS

STACK IT!
Capstone Project 2023 - 2024
VSCode | Unity | LootLocker
Worked with the team to develop a 2d casual mobile game where players must stack blocks as high as possible. This game was developed as part of our Capstone Project.

EXPRESS CART
Junior Final Project 2023 - 2024
HTML | CSS | NODEJS | JAVASCRIPT | MYSQL

A team worked with a web-based e-commerce platform to develop a system that enables users to buy and sell products through the platform.

ACE (Academia Classroom Explorer)
Sophomore Final Project 2022 - 2023
Flutter | Firebase | Figma

A mobile application developed by a group of five talented coders from PHINMA - University of Pangasinan. The application is built using the Flutter framework and is designed to offer students a convenient and comprehensive platform for accessing academic information.

PROFESSIONAL CERTIFICATES

- Web Development Course (Sololearn)
- Employability Skills (Wadhwani Foundation)

OTHER SCHOOL PROJECTS

STACK IT!

Capstone Project
Document Writer and UI Designer
